SUMMARY

Motivated computer science student experienced in web development and algorithmic coding. Aims to research Artificial Intelligence, Cloud Computing, and Cybersecurity with a dynamic team and contribute to collective progress.

EDUCATION

The University of Texas at Dallas, Richardson, TX — Expected May 2028
Bachelor of Science, Computer Science — GPA: 4.0/4.0

- Dean's List: Fall 2025
- Coursework: Computer Architecture, Linear Algebra, Professional and Technical Communication, Discrete Mathematics in Computing I, Computer Science II, Calculus of Several Variables, Introduction to Computer Science and Software Engineering

Coppell High School, Coppell, TX — May 2025
High School Diploma — GPA (weighted): 5.5985/5.0

- Class Rank: 42/941 in Class of 2025 (Top 5%)
- Score of 5 on: AP Calc BC, AP Physics 2, AP CSA, AP Physics 1, AP Statistics; Score of 4 on: AP Physics C: Mech
- AP Scholar with Distinction x2, AP with WE Recognition

TECHNICAL SKILLS

Programming Languages: C++, Java, Python, HTML/CSS, JavaScript
Frameworks & Templates: Flask, Bootstrap, Jinja, React, Git

SOFT SKILLS

Professional and written communication, Collaborative-based projects, Enthusiastic, Quick Learner, Leadership in various forms, Experience with presentations

UNIVERSITY ORGANIZATIONS

Association of Computing Machinery (ACM) Research, University of Texas at Dallas
Deep Learning and Networks Researcher — September 2025 – December 2025

- Worked with 3 peers and team leader to conduct research in utilizing deep learning models to early predict network attacks over a period of 10 weeks
- Read several research papers to create a baseline model and delve deeper into network security
- Explored and programmed several architectures like GNN, RNN, and BiLSTM
- Presented our research at Symposium night to judges and other visitors

EXPERIENCE

CodeWizardsHQ — June 2024 – September 2024
Web Development Intern

- Collaborated with a team virtually and developed a typing practice website
- Utilized GitHub, VS Code, Python, Flask, JS, HTML/CSS
- Designed and vividly planned the architecture of the website
- Integrated Agile practices to gain real-time software development experience

Kumon Math & Reading Learning Center — June 2024 – September 2024
Tutor and Grader

- Taught and assisted students of 3rd grade and above
- Explained concepts in both math and reading using various teaching methods
- Graded in-class and homework assignments along with exams
- Assigned homework assignments to students based on their recent performance and academic schedule

CERTIFICATIONS

Java Certified Foundations Associate*, Oracle* — August 2025
Certified Entry-Level Python Programmer*, OpenEDG Python Institute* — June 2021
